

5-1000MHz DIGITAL AMPLIFIERS (Zinc Die-cast)

- Tin-plated zinc die-cast housing with high precision machined SCTE compliant threaded ports.
- Built-in magnetism resistant ferrite for digital transmission of video, data and telephony service.
- PTC short-circuit protected adapters.
- Supports forward and reverse gain with ultra low noise.
- Solder back ensures -130dB RFI shielding and UV protected label.

AMP-202	
ONE WAY AMPLIFIER	
Bandwidth	45-1000MHz
Forward Gain	10 ± 1dB
Flatness	± 1 dB
Noise Figure	7dB
Power	110 VAC/1.5W
